Diploma	760	515	513	523
MSN			20	15
<b>Total</b>	<b>3095</b>	<b>3075</b>	<b>3185</b>	<b>3077</b>

#### Pre-licensure Program Summary

- \* In pre-licensure programs acute care continues to be used as a primary clinical site and needs to be shifted to a community focus to meet future healthcare demands.
- \* There appears to be sufficient seats available based on the number of actual new enrollees across programs.
- \* NCLEX results show a decline which is consistent with the changes in the pass rate standard.
- \* There has been minimal change over time in the number of pre-licensure graduates.
